# Welcome to the Club

As a new student of White Tiger Kung Fu, we wish you well in your study of this fascinating art. To help you to settle into our group, certain rules on the conduct and responsibilities of students have been laid down.

If you are to get the most out of your training, you must exercise self-discipline and be prepared to work. We encourage an atmosphere that promotes a free exchange of ideas and a complete understanding of what you are doing and why.

Nevertheless, the following rules are to be adhered to:

**1. Mouthguards & Groin guard shall be worn when doing sparring, combinations and weapons work**

2. You should work only on those techniques set by the instructor until told to change.

3. If you wish to leave the training area, do so quietly and return quickly. If you are in the middle of an organised activity (e.g. warm-up), you must NOT leave the group without permission.

**4. Do NOT play around in class, as this can lead to injury**

5. Do NOT talk to other students, unless it is necessary to clarify techniques. At such times, keep your discussions brief and low in volume. Do NOT talk during warm-ups etc.

6. Be punctual - it is disturbing to the class to have late arrivals drifting in during warm-up. If you are unavoidably late, ALWAYS perform a ceremonial bow to the instructors BEFORE joining in.

**7. Try your best at all times!**

## *First Aid*

All Instructors have a First Aid Certificate and are trained in CPR and EAR.

## *Uniform*

If you have been a member for over 3 weeks, you must wear the approved uniform (black t-shirt, black pants with logo and sash if graded).

## *General*

If you cannot attend class for any reason, please notify the instructor. Chinese Martial Arts groups are run on family lines. The instructors are the parents of the group and his/her assistants are your older brothers/sisters. People who join after you are your younger siblings. In a family, everyone is supposed to support and help each other, therefore, if you have any problems, questions etc. do not hesitate to approach your instructors or anyone else senior to you. Similarly, you are expected to help those junior to you.
